Objective

Detail-oriented team lead and DevOps Specialist with expertise in digital product rollouts, Agile project delivery, and B2B manufacturing solutions. Seeking to leverage hands-on experience in Jira administration, AWS infrastructure, and cross-functional team leadership to successfully plan, coordinate, and execute global customer portal deployments and other high-impact digital initiatives.

Work Experience

Senior Associate Consultant   23-May-2022 - Present
Infosys | Scania

- Led enterprise-level Jira administration, customizing workflows, automation, and integrations to streamline global operations.
- Coordinated cross-functional teams to deliver digital platform enhancements for a leading B2B manufacturing brand.
- Implemented AWS-hosted Jira infrastructure improvements, increasing availability and scalability.
- Developed Python automation scripts leveraging Jira APIs to optimize user data collection and reporting, reducing manual work.
- Acted as a bridge between technical teams and business stakeholders, ensuring delivery of high-impact solutions.

System Engineer   21-Nov-2019 to 23-Mar-2022
Tata Consultancy Services | Ericsson

- Managed and optimized Jenkins pipelines for large-scale enterprise CI/CD workflows, reducing delivery times.
- Built automation scripts in Python to gather Jenkins logs, improving troubleshooting and reducing downtime.
- Collaborated with distributed teams to ensure seamless product delivery and DevOps adoption.
- Awarded On-the-Spot Award for successfully implementing automation initiatives that improved team efficiency.

Skills

- Project & Program Management (Scrum, Kanban, Agile)
- Stakeholder & Vendor Coordination
- Risk Management & Delivery Assurance
- CI/CD Pipeline Optimization (Jenkins, GitLab
- Cloud Platforms: AWS (EC2, S3, IAM, RDS)
- Automation & Scripting: Python, Shell
- Tools: Jira and Confluence (Admin), Git, GitLab

Achievements and Awards

- Successfully managed multi-region Jira migration and cloud optimization projects.
- Designed and delivered automation solutions that cut manual efforts by over 40%.
- Recognised by management for ownership, delivery excellence, and proactive problem-solving and also mentoring new joiners

Education
